EZEEGROUPINTERNATIONAL.COM

Ezee Group International is **THE ORIGINAL** 3-part and 2-part pulp vertical packaging provider in the UK. Specialising in strong and sustainable packaging solutions for 1-15 bottles in our 3-part sets and 1-24 bottles in our 2-part sets. All products are made from 100% recycled materials, helping YOU to reduce the huge impact of plastic on the environment. Honesty and integrity is at the forefront of our business and we will only recommend our packaging if we feel they are the best options for your product. Every aspect of our product offering is transparent, with no hidden costs. We achieve this by choosing not to offer a 'package' price to our customers. This approach ensures you get the best quality and price on all our solutions. And this is how we do it...

INDUSTRY SPECIALISTS

We are a leader in pulp packaging. To become a specialist in our field we have stayed true to our strengths - product design, development, rigorous testing and independent certified approval - and have partnered with specialists in manufacturing and cardboard, to create our high-quality packaging solution. This means that all of our pulp moulds are designed, manufactured and boxed by the best suppliers in the industry... to our exacting specifications and standards.

SAME PRICE FOR ALL

We believe that small businesses should not be penalised for requiring smaller quantities. We offer one price to **ALL**. Our standard rate is always the lowest price, we do not inflate our pricing to allow for price breaks or promotional discounts. Our customers always pay the lowest price every time, no matter how big or small the company.

COURIERS & DELIVERY

Free delivery is never **FREE**, the price is just hidden in the product cost. Our pricing is open and honest allowing you to see exactly where your money goes. We have a range of different couriers that we price check daily. This means you pay the lowest price available in your area on every order. The other benefit to you is that you have the option to collect or use your own courier if this option suits your business needs better.

NO MINIMUM ORDERS

We understand the needs of each business are different. And we want to help every business with their individual requirements. With this in mind you can order in small box quantities or in pallets quantities. We work with you to offer the quantities you need, with the most cost-effective delivery options.
